

Sherwood Park – PAC Fundraiser

“The Card Project” – turning art into greeting cards

The children made amazing art for this exciting fundraiser. The Card Project uses the children's masterpieces to make professionally printed greeting cards and notebooks. Every child will get a copy of their unique greeting card in early November. **Their own art** is printed on the front of the card and their name and grade is printed on the back.

You don't have to wait to see their cards!

On Monday, October 22 you can take a sneak peek at your child's art and place a Priority Order online!

PRIORITY ORDERS are due by Sunday, October 28 - for delivery by November 26. If you would like cards delivered by November 26th, you will need to order online BEFORE the sample card comes home from school.

Our School Access code is: SP87
